

The Hubbard Family is a family of five and a five piece band with their own unique brand of gospel music. In a little over ten years, Jerry and Debbie Hubbard and their three daughters, Emmylou , Lorianne , and Jeri Lynn , have travelled throughout their native East Texas, across the USA and half way around the world lifting up the Name of Jesus with Christ-centered lyrics and a fresh sound that appeals to fans of southern gospel, country-rock and bluegrass alike. Audiences enjoy the dynamic vocals and instrumental skills that each family member brings to the band, but the heart of the Hubbard Family is in the message of the songs, the message of the saving grace of Jesus Christ. The Hubbard family seeks every available opportunity to share their music and the testimony of the difference that the Lord can make in a family.

Digos City Tuesday 13 in the Philippines

Hello everybody!

God has been so good! I'm sorry I haven't been able to write for the last few days. The reason why is because we have been going non-stop and have had the opportunity to minister in so many different places and ways. I just want to mention a few of the experiences we have had and I want to try and describe to you all how beautiful the Filipino people are.

Our team has traveled to city churches, country churches, a high school, and an orphanage. One of our crowds was 800 strong. On some nights, the team prays for every single person in the church. Our team has been amazing. Rodney and Kathy Moore have introduced us to their friends and shared their passion for the Lord and the Philippines.

shared their passion for the Lord and the Philippines with us. Meredith, their daughter, has blessed us and the Filipino people by her worship of God through dancing. Jerry & Linda Barnes carried two boxes of clothes across 9,000 miles for the precious orphans we met last night. I will never forget their faces as they watched the boxes being opened. It was like Christmas! We have spent time in the homes of missionaries who blessed us with their time, help, and stories (and who I hope to tell you more about later). We have eaten delicious Filipino food!

For all the New Life Baptist folks: Pastor Jones has been awesome. He has preached up to three sermons a day. Pastor Jones is a true man of God. He has fit into this environment flawlessly and is reaching out to everyone we meet with the love of Jesus.

Most of all, I have been touched by the Filipino people. They are unlike any people I have ever met. They can sing! They can dance! They are a very friendly warm people in general, so when you add the joy of the Lord Jesus Christ, you get some of the sweetest most worshipful people on the planet.

To the churches that have sent us here: Thank You! Our mission is only half over, and we feel that if we were to quit and go home today, this trip would still be a success. We are looking forward to seeing what else God will do! We cannot wait to get home and tell you all about it.

Keep us in your prayers as we travel to General Santos City where we will be involved in many meetings and services and ministry opportunities. We love and miss you all so much!

To Bruce and Sharon: we love you! Kiss Buster for us! J

Blessings,

Emmy
